

Greenfield Primary School Art and Design Progression Grid

EYFS Early Learning Goals that link most closely to the Art and Design National Curriculum

Expressive Arts and Design (Exploring and Using Media and Materials)

Children safely use and explore a variety of materials, tools and techniques, experimenting with colour, design, texture, form and function.

Expressive Arts and Design (Being Imaginative)

Children use what they have learnt about media and materials in original ways, thinking about uses and purposes. They represent their own ideas, thoughts and feelings through design and technology, art, music, dance, role play and stories.

KS1 National Curriculum Expectations Pupils should be taught:

- to use a range of materials creatively to design and make products;
- to use drawing, painting and sculpture to develop and share their ideas, experiences and imagination;
- to develop a wide range of art and design techniques in using colour, pattern, texture, line, shape, form and space;
- about the work of a range of artists, craft makers and designers, describing the differences and similarities between different practices and disciplines, and making links to their own work.

KS2 National Curriculum Expectations Pupils should be taught:

- to develop their techniques, including their control and their use of materials, with creativity, experimentation and an increasing awareness of different kinds of art, craft and design;
- to create sketch books to record their observations and use them to review and revisit ideas;
- to improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials [for example, pencil, charcoal, paint, clay];
- about great artists, architects and designers in history

The national curriculum for art and design aims to ensure that all pupils by the end of year 6:

- produce creative work, exploring their ideas and recording their experiences;
- become proficient in drawing, painting, sculpture and other art, craft and design techniques;
- evaluate and analyse creative works using the language of art, craft and design;
- know about great artists, craft makers and designers, and understand the historical and cultural development of their art forms.

Exploring & Developing Ideas	<p>Children start to understand how ideas are developed through processes. Children build up resilience to getting things wrong and trying again. Children practise and share their learning and skills with others, receive and offer feedback to improve.</p> <p>KS1 Art and Design National Curriculum To produce creative work, exploring their ideas and recording experiences.</p> <p>I can statements:</p> <ul style="list-style-type: none"> • I can begin to use sketchbooks to record ideas; • I can respond positively to ideas and starting points; • I can explore ideas and collect information; • I can describe differences and similarities and make links to my own work; • I can try different materials and methods to improve 	<p>Children start collecting and developing ideas using sketchbooks.
