Dear Parents/Carers,

24th January 2025

Welcome back year 4! I hope you had an amazing Christmas holiday and a lovely rest; we are very excited to start a new term together. We are going to be covering lots of exciting new things this term in Lime Class.

Maths:

- This term in maths we will be covering Multiplication/Division, Length and Perimeter and Fractions.
- At the end of the year, pupils will take part in a national multiplication test to assess their times table knowledge called the Multiplication Table Check (MTC). We will continue to be doing a lot of work in class to ensure that all pupils know their Times table up to their 12's. When pupils know their times tables it makes a lot of areas in Maths much easier to learn, especially in Year 5/6. We ask that you practise your times tables each week at home (as part of your homework). This can be done through games, songs, apps etc. The children particularly love TT Rockstars in class and just 21 minutes per week playing on this can set your child up for success in the MTC.

English:

- Our class novel this half term is *The Wild Robot*. We are looking forward to doing some work on this book and starting some writing about it.
- Spellings are set weekly on Spelling Shed and in homework books. Please keep practicing these spellings. Homework books do not need to be brought in until **Wednesday** to give you time to practice them at home.
- Handwriting remains a priority. We are working on our handwriting in class during all sessions. I hope to be able to give out some more pen licenses soon!

Reading:

- Reading is so important! Please try to read with your child at least 3 times per week at home and make a short comment in their reading record. Their reading book and reading record should be in school every day to give them chance to show off their reading to an adult in school.

History/Geography:

- This term we will be covering two geography topics: '*Are all settlements the same?*' before half term then '*What happens when land meets sea?*' after half term.

Science:

- This term in science we will be learning about sound and how we hear, electricity and energy.

Please make sure your child is dressed appropriately for PE on **Wednesday** and **Friday** every week. They should be in full PE kit, including black trainers.

We will be continuing our cornet lessons with Miss Howarth from Oldham Music Service on a Thursday afternoon.

Thank you for your continued support.

Yours sincerely,

Mrs Sheldon

Lime Class – Year 4
