19th March 2025

Dear Parents/Carers,

Last week we celebrated British Science Week and we completed a whole school competition - The Curly Wurlly Challenge. Each class had to create the longest Curly Wurlly, without being tempted to eat it.

Just like last year, I am setting the children a challenge to be completed at home. The theme for this year is Change and Adapt and your child could have a go at the following activities:

- Create a poster showing how plants and animals adapt to changing seasons or surroundings, or how humans have adapted to changing technology.
- Look at climate change and how we can adapt our behaviours to protect the environment.
- Share their favourite science experiment and how it shows change.

Please can your child bring back their completed challenge before we break up for Easter, on Friday 4th April. I look forward to seeing the children's creations!

I would also like to take this opportunity thank our parents who have given up their time to share how science impacts their job.

Yours Sincerely

Mrs Lewthwaite
Science Lead
